

Welcome to the Classical Association's Speaker List

All the speakers listed below are happy to give a talk free of charge to branches of the Classical Association, schedules and personal circumstances permitting. Travel and accommodation expenses will be met by the branches (grants are available from the CA) and refreshments provided (as applicable). Speakers are not obliged to accept a branch request and some may prefer to only give online or in-person talks.

The list of topics each speaker has given is not exhaustive and many prefer to tailor their subject matter and title to suit the audience. To view a speaker's online profile please click their name. In the final column you may find a link to a recording relating to their work. The list will be updated in the event of changing contact information or as new topics become available – please check the date above to see when the last edit was made.
